LETTER OF CONFIRMATION

TO WHOM IT MAY CONCERN

MARIO PONTE

GENERAL MANAGER

EURO7 EOOD

BLVD. MADRID 47 FLOOR 2 OFFICE 1

1505 SOFIA

Sofia, August 16th 2017

DEAR MR PONTE,

I am writing to you to attest that the Commission for Personal Data Protection has been working with Mr Ponte and his colleagues with the aim of raising the awareness of the Bulgarian public on the matters concerning the implementation of the General Data Protection Regulation, and particularly the certification according to Art. 42.

We have joined our efforts to organise a round table with relevant stakeholders, which is supposed to be held between 5 and 15 October 2017. The round table will focus on important issues such as the certification schemes which need to be prepared according to the GDPR, the certification of data protection officers and the scope of certification of products, services and processes. Participants in the event will be presented with draft certification schemes for adoption in Bulgaria as well as the European experience in the field. They will also be given the chance to share their opinion and recommendations in order to increase the effectiveness and facilitate the implementation of the certification process. We hope that this event will

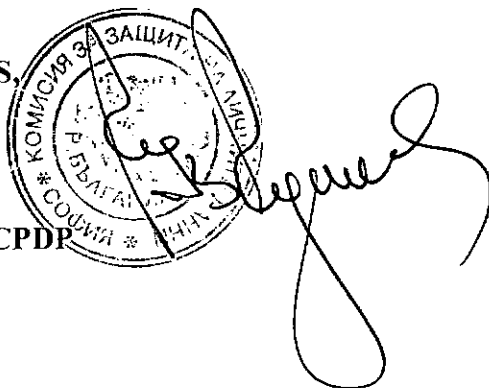

significantly contribute towards making the national certification framework in Bulgaria as helpful to the entities that will be using it as possible.

For organizational purposes and inquiries towards the CPDP you can contact Mr Anton Todorov, e-mail atodorov@cpdp.bg.

I hope that our joint round table will attract the broadest circle of stakeholders and will lay the foundations of future cooperation.

SINCERELY YOURS,

TZANKO TZOLOV
MEMBER OF THE CPDP
